OHIO STATE UNIVERSITY EXTENSION

Hydrangea School

WEDNESDAY, APRIL 10, 2019 • TIME 6:30 P.M. – 8:30 P.M.

The most popular flower in today's landscape is more than just the shorter blue and pink ones that are sometimes challenging to grow. There are five major types of hydrangeas on the market – even a climbing one! We'll simplify the way you think about hydrangeas and give you a chart to use when choosing the best ones for your specific garden. Winter care of the tender blue and pink types. Plus – we'll give you a blooming chart to show you how to have hydrangea blooms from May through October to beautify your landscape. Speaker: Eric Barrett, OSU Extension

Cost is \$30 per participant, includes hydrangea to take home
